

# THE HOB NOB

## *President Chris Roy, Farewell*

The November meeting was the last meeting where I preside as President of the club. Lou K2LRV (VP) will run the December meeting in my absence due to an expected addition to my family during that timeframe. If there are any other Presidential responsibilities before the year concludes, please contact me by e-mail.

This year MOARC members participated in many events and I want to sincerely thank those who helped because they were really worthwhile and enjoyable. These events include:

- SKYWARN Training
- Tour de Cure
- Pumpkin Patrol

- Jervis Library Amateur Radio Demonstration
- Club Picnic
- Madison County 911 Tour
- Field Day
- Camden Dog Sled Race

It has been apparent more than ever that club participation has declined substantially. During the November meeting we barely met the bylaws standards of a quorum to conduct business by just a few members and had to postpone elections until December because the offices of President, Vice President and Secretary are still vacant for 2011.

Looking through the President's box, the club has

had a rich history filled with success and accomplishments that the membership should truly be proud of. Regardless of where the club goes from here, we should all be proud of what we have done not for the club but the hobby as a whole. Everyone has made a contribution to Amateur Radio in their own unique way and our club provided a great way for us to interact and coordinate such activities.

I wish that you all have a healthy and safe holiday season as well as a great 2011.

Sincerely,

*Christopher J. Roy*
